**INSTRUCTIONS TO VENDORS SUBMITTING BIDS
(Agency Delegated Procurements Only)**

1. REVIEW DOCUMENTS THOROUGHLY: The attached documents contain a solicitation for bids. Please read these instructions and all documents attached in their entirety. These instructions provide critical information about requirements that if overlooked could lead to disqualification of a Vendor's bid. All bids must be submitted in accordance with the provisions contained in these instructions and the Solicitation. Failure to do so may result in disqualification of Vendor's bid.

2. MANDATORY TERMS: The Solicitation may contain mandatory provisions identified by the use of the words "must," "will," and "shall." Failure to comply with a mandatory term in the Solicitation will result in bid disqualification.

2A. PREBID MEETING: The item identified below shall apply to this Solicitation.

[] A pre-bid meeting will not be held prior to bid opening

[] A MANDATORY PRE-BID meeting will be held at the following place and time:

All Vendors submitting a bid must attend the mandatory pre-bid meeting. Failure to attend the mandatory pre-bid meeting shall result in disqualification of the Vendor's bid. No one individual is permitted to represent more than one vendor at the pre-bid meeting. Any individual that does attempt to represent two or more vendors will be required to select one vendor to which the individual's attendance will be attributed. The vendors not selected will be deemed to have not attended the pre-bid meeting unless another individual attended on their behalf. The required attribution of attendance to a single vendor should be addressed during the pre-bid but may occur at any time deemed appropriate by the Purchasing Division.

An attendance sheet provided at the pre-bid meeting shall serve as the official document verifying attendance. Any person attending the pre-bid meeting on behalf of a Vendor must list on the attendance sheet his or her name and the name of the Vendor he or she is representing.

Additionally, the person attending the pre-bid meeting should include the Vendor's E-Mail address, phone number, and Fax number on the attendance sheet. It is the Vendor's responsibility to locate the attendance sheet and provide the required information. Failure to complete the attendance sheet as required may result in disqualification of Vendor's bid.

All Vendors should arrive prior to the starting time for the pre-bid. Vendors who arrive after the starting time but prior to the end of the pre-bid will be permitted to sign in, but are charged with knowing all matters discussed at the pre-bid.

Questions submitted at least five business days prior to a scheduled pre-bid will be discussed at the pre-bid meeting if possible. Any discussions or answers to questions at the pre-bid meeting are preliminary in nature and are non-binding. Official and binding answers to questions will be published in a written addendum to the Solicitation prior to bid opening.

3. VENDOR QUESTION DEADLINE: Vendors may submit questions relating to this Solicitation to the Agency Contact. Questions must be submitted in writing. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

6. BID FORMATTING: Vendor should type or electronically enter the information onto its bid to prevent errors in the evaluation. Failure to type or electronically enter the information may result in bid disqualification.

7. ALTERNATE MODEL OR BRAND: Unless the box below is checked, any model, brand, or specification listed in this Solicitation establishes the acceptable level of quality only and is not intended to reflect a preference for, or in any way favor, a particular brand or vendor. Vendors may bid alternates to a listed model or brand provided that the alternate is at least equal to the model or brand and complies with the required specifications. The equality of any alternate being bid shall be determined by the State at its sole discretion. Any Vendor bidding an alternate model or brand should clearly identify the alternate items in its bid and should include manufacturer's specifications, industry literature, and/or any other relevant documentation demonstrating the equality of the alternate items. Failure to provide information for alternate items may be grounds for rejection of a Vendor's bid.

[] This Solicitation is based upon a standardized commodity established under West Virginia Code § 5A-3-61. Vendors are expected to bid the standardized commodity identified. Failure to bid the standardized commodity will result in your firm's bid being rejected.

8. EXCEPTIONS AND CLARIFICATIONS: The Solicitation contains the specifications that shall form the basis of a contractual agreement. Vendor shall clearly mark any exceptions, clarifications, or other proposed modifications in its bid. Exceptions to, clarifications of, or modifications of a requirement or term and condition of the Solicitation may result in bid disqualification.

10. UNIT PRICE: Unit prices shall prevail in cases of a discrepancy in the Vendor's bid.

Any request for preference must be submitted in writing with the bid, must specifically identify the preference requested with reference to the applicable subsection of West Virginia Code § 5A-3-37, and must include with the bid any information necessary to evaluate and confirm the applicability of the requested preference. A request form to help facilitate the request can be found at: <http://www.state.wv.us/admin/purchase/vrc/Venpref.pdf>.

11A. RECIPROCAL PREFERENCE: The State of West Virginia applies a reciprocal preference to all solicitations for commodities and printing in accordance with W. Va. Code § 5A-3-37(b). In effect, if reciprocal preference is requested by a West Virginia resident vendor, non-resident vendors receiving a preference in their home states, will see that same preference granted to West Virginia resident vendors bidding against them in West Virginia. Any request for reciprocal preference must include with the bid any information necessary to evaluate and confirm the applicability of the preference. A request form to help facilitate the request can be found at: <http://www.state.wv.us/admin/purchase/vrc/Venpref.pdf>.

12. SMALL, WOMEN-OWNED, OR MINORITY-OWNED BUSINESSES: For any solicitations publicly advertised for bid, in accordance with West Virginia Code §5A-3-37 and W. Va. CSR § 148-22-9, any non-resident vendor certified as a small, women-owned, or minority-owned business under W. Va. CSR § 148-22-9 shall be provided the same preference made available to any resident vendor. Any non-resident small, women-owned, or minority-owned business must identify itself as such in writing, must submit that writing to the Purchasing Division with its bid, and must be properly certified under W. Va. CSR § 148-22-9 prior to contract award to receive the preferences made available to resident vendors. Preference for a non-resident small, women-owned, or minority owned business shall be applied in accordance with W. Va. CSR § 148-22-9.

13. ELECTRONIC FILE ACCESS RESTRICTIONS: Vendor must ensure that its submission in wvOASIS can be accessed and viewed by the Agency staff immediately upon bid opening. The Agency will consider any file that cannot be immediately access and viewed at the time of the bid opening (such as, encrypted files, password protected files, or incompatible files) to be blank or incomplete as context requires, and therefore unacceptable. A vendor will not be permitted to unencrypt files, remove password protections, or resubmit documents after bid opening to make a file viewable if those documents are required with the bid. A Vendor may be required to provide document passwords or removed access restrictions to allow the Agency to print or electronically save documents provided that those documents are viewable by the Agency prior to obtaining the password or removing the access restriction.

14. NON-RESPONSIBLE: The Purchasing Division Director reserves the right to reject the bid of any vendor as Non-Responsible in accordance with W. Va. Code of State Rules § 148-1-5.3, when the Director determines that the vendor submitting the bid does not have the capability to fully perform, or lacks the integrity and reliability to assure good-faith performance.”

The Purchasing Division will disclose any document labeled “confidential,” “proprietary,” “trade secret,” “private,” or labeled with any other claim against public disclosure of the documents, to include any “trade secrets” as defined by West Virginia Code § 47-22-1 et seq. All submissions are subject to public disclosure without notice.

Any request for renewal should be delivered to the Agency thirty (30) days prior to the expiration date of the initial contract term or appropriate renewal term. A Contract renewal shall be in accordance with the terms and conditions of the original contract. Unless otherwise specified below, renewal of this Contract is limited to _____ successive one (1) year periods or multiple renewal periods of less than one year, provided that the multiple renewal periods do not exceed the total number of months available in all renewal years combined. 4. Including such fees or charges as notes to the solicitation may result in rejection of vendor's bid. Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract.

16. TAXES: The Vendor shall pay any applicable sales, use, personal property or any other taxes arising out of this Contract and the transactions contemplated thereby. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.

17. FUNDING: This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

18. CANCELLATION: The State reserves the right to cancel this Contract immediately upon written notice to the vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The Agency may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

19. TIME: Time is of the essence with regard to all matters of time and performance in this Contract.

20. APPLICABLE LAW: This Contract is governed by and interpreted under West Virginia law without giving effect to its choice of law principles. Any information provided in specification manuals, or any other source, verbal or written, which contradicts or violates the West Virginia Constitution, West Virginia Code or West Virginia Code of State Rules is void and of no effect.

23. MODIFICATIONS: This writing is the parties' final expression of intent. Notwithstanding anything contained in this Contract to the contrary, no modification of this Contract shall be binding without mutual written consent of the Agency, and the Vendor.

24. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

25. SUBSEQUENT FORMS: The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Acceptance or use of Vendor's forms does not constitute acceptance of the terms and conditions contained thereon.

26. ASSIGNMENT: Neither this Contract nor any monies due, or to become due hereunder, may be assigned by the Vendor without the express written consent of the Agency and any other government agency or office that may be required to approve such assignments.

27. WARRANTY: The Vendor expressly warrants that the goods and/or services covered by this Contract will: (a) conform to the specifications, drawings, samples, or other description furnished or specified by the Agency; (b) be merchantable and fit for the purpose intended; and (c) be free from defect in material and workmanship.

28. STATE EMPLOYEES: State employees are not permitted to utilize this Contract for personal use and the Vendor is prohibited from permitting or facilitating the same.

29. PRIVACY, SECURITY, AND CONFIDENTIALITY: The Vendor agrees that it will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the Agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the Agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in www.state.wv.us/admin/purchase/privacy.

30. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the competitive bidding laws of West Virginia Code §§ 5A-3-1 et seq., 5-22-1 et seq., and 5G-1-1 et seq. and the Freedom of Information Act West Virginia Code §§ 29B-1-1 et seq.

DO NOT SUBMIT MATERIAL YOU CONSIDER TO BE CONFIDENTIAL, A TRADE SECRET, OR OTHERWISE NOT SUBJECT TO PUBLIC DISCLOSURE.

Submission of any bid, proposal, or other document to the Purchasing Division constitutes your explicit consent to the subsequent public disclosure of the bid, proposal, or document. The Purchasing Division will disclose any document labeled "confidential," "proprietary," "trade secret," "private," or labeled with any other claim against public disclosure of the documents, to include any "trade secrets" as defined by West Virginia Code § 47-22-1 et seq. All submissions are subject to public disclosure without notice.

31. LICENSING: In accordance with West Virginia Code of State Rules § 148-1-6.1.e, Vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agency or political subdivision. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities. Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section.

32. ANTITRUST: In submitting a bid to, signing a contract with, or accepting an Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

33. VENDOR NON-CONFLICT: Neither Vendor nor its representatives are permitted to have any interest, nor shall they acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency.

34. 36. NO DEBT CERTIFICATION: In accordance with West Virginia Code §§ 5A-3-10a and 5-22-1(i), the State is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State. 37. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

38. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

☐ Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.division@wv.gov.

39. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

40. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

a. “State Contract Project” means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

b. “Steel Products” means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

41. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a “substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the

item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

42. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

43. VOID CONTRACT CLAUSES – This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.

Equipment Lease/Rental Without Operator

- 4.1 Equipment Lease/Rental:** ATT A provides a categorized list of Contract Items requested by WVDOH Agencies for potential lease/rental. Vendor shall provide pricing for rental equipment as specified herein on a daily, weekly, or monthly basis as well as equipment mobilization fees from its storage location(s) listed on **Attachment A**. Contract Items leased/rented by a WVDOH Agency shall be assembled, in good and proper operating condition, and be ready to operate upon pick-up or delivery to any location or locations, as designated on a WV-39 Release Order Form (explained in Section 8). This may include weekends, holidays, and Emergency Requests.
- 4.2 Mobilization:** Mobilization shall be defined as a one-time, one-way transport from a Vendor's base location to an Agency project site location and shall be bid per mile. Vendor shall calculate its cost for delivery of leased/rented equipment and include the calculation in its cost for the first mile and provide supplemental pricing for each additional mile. Agencies will provide Contract Item delivery locations on the Release Order.
- 4.2.1 Additional Mileage Fees:** Leased/rented equipment may be used for multiple projects (i.e. leased/rented equipment is traveling from one Agency location or project site to another). In such instances, additional mileage fees may be charged by the Vendor at the "additional mile" rate entered on **ATT A**.
- 4.2.2 In-State Delivery:** The WVDOH will calculate the in-state delivery route mileage from the equipment owner's location of the leased/rented equipment to the WVDOH job site using the WVDOH Straight Line Diagrams. These Diagrams for WV Primary Routes and WV Secondary Routes are available in each WVDOH's District Office, and the Central Office located in Charleston, WV. The WVDOH will determine the route to be taken due to bridge and/or road restrictions.
- 4.2.3 Out-of-State Delivery:** Out-of-state delivery route mileage will be calculated by the WVDOH using "Google Maps" or a similar source for routing from the equipment owner's location of the leased/rented equipment to the WV State line at which time, the Straight-Line Diagrams will be sourced to the WVDOH job site.
- 4.3 Equipment Delivery/Pick-up:** Vendor shall deliver standard orders within seven (7) days of receipt of a WV-39 Release Order (**See Exhibit 2 – "EXH 2"**), per the terms of these specifications, unless otherwise noted by the Agency on its Release Order.
- 4.3.1 Delivery/Pick-up Acceptance:** Upon delivery or pick-up of a Contract Item, the Agency shall test and inspect the rented equipment and document its

inspection findings on a SM-93 Statement of Acceptance form (see **Exhibit 1 – “EXH 1”**). If the equipment is found to be in good and operable condition, the Agency representative AND Vendor representative shall acknowledge acceptance by signing and dating the SM-93. The Agency representative shall also acknowledge acceptance on any Vendor provided documentation presented at the time of pick up or delivery. The date of acceptance on the Vendor’s acknowledgment form shall be deemed as the effective date for the terms of the Release Order.

4.3.1.1 Vendor shall provide/deliver rented equipment with a full tank of fuel, which shall be documented on the Vendor’s acknowledgment form.

4.3.2 Equipment Maintenance Checklist: For each leased/rented Contract Item, Vendor shall provide a daily/weekly maintenance checklist addressing equipment upkeep and maintenance needs, per manufacturer and Vendor requirements. Daily/weekly maintenance checklists should, at minimum, include the following guidance:

4.3.2.1 Maintenance requirements for fuel, oil, coolant, and lubrication needs, referred to as “ordinary care” and used throughout this solicitation and defined in Section 2.

NOTE: The WVDON, at its own expense, will perform routine maintenance by providing any manufacturer and Vendor recommended oil, fuel, and lubricants necessary for the use and operation of rental equipment in its possession. All other maintenance needs or component replacement(s) necessary for operation of rental equipment shall be maintained and provided by the Vendor.

4.3.2.2 Inspection of engine components, equipment body, tires/tracks, attachments, and easily accessible components. Inspection of safety components such as lights, rails, steps, horns, alarms, seatbelts, and other safeguarding attributes relevant to the specific type of leased/rented equipment.

4.3.3 Contract Item Rejection: Upon pick up or delivery, if the Agency deems the Contract Item unacceptable or inconsistent with the Release Order, the Contract Items shall be returned to Vendor at Vendor’s expense and with no restocking charge. The decision of the WVDON District Engineer or their designee regarding the acceptability and quality of the Contract Item furnished, shall be final per Standard Specs section 105.1, as amended. Vendor shall either plan for the return within five (5) days of being notified that those items are unacceptable or permit the Agency to arrange for the

return and reimburse Agency for delivery expenses. All returns of unacceptable items shall be F.O.B. the Agency's location. The returned product shall either be replaced, or the Agency shall receive a full credit or refund for the lease/rental price, at the Agency's discretion.

4.4 Equipment Return: Upon the conclusion of a rental period, the Agency shall return rented equipment to Vendor, at its own expense, to the original location such equipment was picked up at or delivered. Equipment shall be washed and cleaned by the Agency prior to its return to Vendor.

4.4.1.1 The Agency shall return rented equipment to Vendor with a full tank of fuel at the conclusion of the rental period. Vendor shall document the level of fuel in the rented equipment at the time of return.

4.4.1.2 Should rented equipment be returned to Vendor with less than a full tank of fuel, Vendor may invoice the Agency at their going fuel rate to return the fuel tank to full capacity.

4.5 Emergency Requests: As designated by a WVD OH District Engineer or designee, emergency requests shall be prominently noted on a Delivery Order. Upon receipt, Vendor shall initiate delivery or pick-up of lease/rental equipment within two (2) hours after receiving the Delivery Order. Emergency requests shall be invoiced by Vendor at 1.5 times the amount bid for the Contract Item on the Pricing Pages.

4.5.1 If the Vendor is unable to provide Contract Items per the emergency request, the Delivery Order will be cancelled, and a new emergency request will be sent to the next low-bid Vendor. If a Vendor cannot be found to provide Contract Items per the Delivery Order, the WVD OH, at its own discretion, shall cancel the Delivery Order and may seek to obtain Contract Items from the next low bid Vendor or proceed with an Emergency Purchase from the open market.

4.6 Lease/Rental Periods: The initial day of a lease/rental period shall be the date of acceptance upon delivery or pick up, per Section 4.2.2 of these specifications. The final day of a lease/rental period shall be the day immediately preceding the return of a Contract Item. Vendor's delivery/travel time, equipment set-up, or break down shall not be calculated as a lease/rental day.

Vendor shall provide a daily, weekly, and monthly rate on **ATT A** for Contract Item bids.

4.6.1 Daily Rental: A daily rental is defined as a single day, up to and including six (6) consecutive days that an Agency is in possession of a leased/rented Contract Item. This includes weekends and Holidays.

REQUEST FOR QUOTATION
Equipment Lease/Rental Without Operator

4.6.2 Weekly Rental: A weekly rental is defined as seven (7) consecutive days that an Agency is in possession of a leased/rented Contract Item, including weekends and Holidays.

4.6.3 Monthly Rental: A monthly rental is defined as thirty (30) consecutive days that an Agency is in possession of a leased/rented Contract Item, including weekends and Holidays.

4.7 Ownership Relinquishment: Upon mutual agreement between the WVDOH and Vendor, ownership of a long term leased/rented Contract Item may be transferred from the Vendor to the WVDOH.

4.8 Equipment Maintenance (Downtime, Risk of Loss, etc.):

4.8.1 Equipment Maintenance: The WVDOH, at its own expense, shall provide the fuel, oil, and lubricants necessary in the operation and use of the leased/rented equipment, per the daily/weekly maintenance checklist provided by Vendor upon delivery or pick up of lease/rental equipment.

NOTE: The WVDOH will not dictate or alter requirements set forth on a Vendor's daily/weekly maintenance checklist.

4.8.2 Repair or Replacement Parts: The WVDOH shall reimburse Vendor for the repair or replacement of any lease/rental equipment part that is damaged, destroyed, or made inoperable due to negligence or improper use/operation by WVDOH personnel.

4.8.2.1 Equipment repair needs discovered during the WVDOH operator's daily/weekly inspection shall be noted on the Vendor's maintenance checklist and Vendor will be contacted and informed prior to placing the equipment back into service.

4.8.2.2 The WVDOH shall not be responsible for any such part repair or replacement caused by an existing defect or those resulting from normal usage and operation of leased/rented equipment.

4.8.3 Down Time: Lease/rental equipment that is out of operation due to maintenance or repair needs for four (4) hours or more within a day shall be considered by the WVDOH as "down" and no payment shall be made by the WVDOH unless equipment downtime is due to negligence or improper use/operation by its personnel.

4.8.4 Risk of Loss, Damage, Destruction or Theft: Upon pick-up or delivery acceptance by the WVDOH of leased/rented equipment, the WVDOH shall

REQUEST FOR QUOTATION
Equipment Lease/Rental Without Operator

exercise ordinary care for the protection of such leased/rented equipment. The WVDOH shall reimburse the Vendor for the repair or replacement of any part of leased/rented equipment that becomes lost, stolen, or damaged as a result of the failure of the WVDOH and its personnel to use ordinary care for the protection of such leased/rented equipment.

4.8.4.1 Vendor shall be responsible for any loss, damage, destruction, or theft, partial or complete, caused by a defect in leased/rented equipment existing at the time of delivery or pick-up.

4.8.4.2 The total or partial loss of use or possession of any leased/rented equipment shall not abate any payments required to be made by the WVDOH to the Vendor if such loss of use or possession due to negligence or improper use/operation of leased/rented equipment by the WVDOH or its personnel.

4.8.4.3 Leased/rented equipment shall be considered a total loss as a result of theft, destruction, or physical damage where the estimated cost of repairs exceeds 75% of the market value of such leased/rented equipment. Vendor may file a claim with the WV Legislative Claims Commission against the WVDOH for the loss or damage to such leased/rented equipment. The Commissioner of the WVDOH shall review the claim and, if it is determined that the Vendor is due monetary damages, a requisition will be issued to the Auditor of the State of WV for payment to the Vendor.

4.8.4.4 If, prior to the payment of any claim to the Vendor by the WVDOH, the Vendor shall receive any sum of money from any insurance company or from any person, firm, or corporation, any such sum of money shall be deducted by the WVDOH from any claim to be paid by it to the Vendor. The same shall be with the Vendor. If the Vendor shall receive any sum of money from any insurance company or from any person, firm or corporation a sum of money after payment from the WVDOH has been received, the Vendor shall reimburse the WVDOH the amount received or such part received that equals the amount WVDOH has paid to the Vendor.

4.8.5 Post-repair Inspection: If leased/rented equipment is damaged or requires repair due to a mechanical failure, prior to being placed back into service for use by the WVDOH, a thorough inspection shall be performed by the Vendor to ensure the mechanical function, operation, and safety of the unit. Damaged leased/rented equipment such as, but not limited to, Aerial Bucket Trucks, Aerial Platform Trucks, Cranes, Manlifts and Under bridge Platform Inspection Units shall receive inspections and testing for compliance with

REQUEST FOR QUOTATION
Equipment Lease/Rental Without Operator

manufacturer, State, and Federal rules and regulations before being placed back into service for use by the WVDOH.

- 5. CONTRACT AWARD:** The Contract is intended to provide Agencies with a lease/rental price on all Contract Items. A Contract shall be awarded to all responsible Vendors providing Contract Items which meet all required specifications of this Contract.

- 5.1 Pricing Pages, Attachment A (ATT A):** ATT A contains a list of the Contract Items with no guarantee that any Contract Item will be purchased throughout the life of this contract. Vendors should submit their proposed daily, weekly, and/or monthly bid on ATT A. Proposed pricing for mobilization rates is only acceptable per Section 4.4 of these specifications.

5.1.1 Vendor may bid any or all items listed on ATT A Pricing Pages, which contains a categorized list of all Contract Items. Estimated quantities are not available for lease/rental equipment and there is no guarantee that any one Contract Item will be purchased throughout the life of this Contract. Bidding on any one Contract Item may not be conditioned as acceptance of the bid or any other Contract Item or Items.

5.1.2 Multiple pieces of equipment can be proposed/identified on one Pricing Page whether pricing is the same or varies.

5.1.3 Vendor shall not add to or modify any column headers, Contract Item descriptions, or units of measure on the ATT A spreadsheet. Any changes to the latter or the submission of proposed pricing in any other form will result in disqualification of the Vendor's bid.

- 5.2 Mandatory Information Form, AttachmentA:** Vendor shall identify its source/storage location and any additional locations where rental equipment may be delivered from or picked up by the WVDOH. Vendor should also provide their physical 911 address for each location.

5.2.1 Vendor may list multiple locations where lease/rental equipment may be delivered from or picked up by the WVDOH. Vendor shall also complete the "Counties "Bid section of ATT A by identifying the counties serviced. Failure to complete the Counties Bid section will indicate that Vendor's bid is available for Statewide use.

- 5.3 Contract Award Transition:** Upon the award of this contract, the WVDOH Operations Division will announce the effective date of use of this contract to the Districts and the Vendors, whether it is by the effective date, the completed and

REQUEST FOR QUOTATION
Equipment Lease/Rental Without Operator

encumbered date, or an established date by the WVD OH. Upon the announced effective date of use, any Delivery Order issued prior the award of the contract shall remain in effect and should not be cancelled until that Delivery Order is filled; however, after ten (10) working days of the Districts and Vendors notice, any Delivery Order that has not been completely filled by the Vendors shall NOT be completed, and a cancellation notice will be sent to that Vendor from the issuing District for cancellation of the balance of that Delivery Order only. No Delivery Orders from prior contracts should be held open by the Districts or the Vendors longer ten (10) working days after the effective date of use is announced for the new contract.

This directive is issued to assist the Districts and the Vendors when fulfilling open Delivery Orders only. It is NOT issued to cause harm or to take contracts from one Vendor to give to another Vendor, but to establish a transition process from one contract into another contract.

- 5.4 Determining Low Bid Per Project:** To determine the low-bid Vendor per individual project, the WVD OH District Engineer or their designee will calculate the lowest overall total cost of the Contract Items. A Delivery Order will be issued to the Vendor with the lowest overall total cost.

The WVD OH reserves the right to request any one or combination of items for which bids are awarded at the lowest overall total as set forth in this section.

- 5.4.1** For orders requiring delivery of Contract Items, mobilization from a Vendor's base location (as noted on ATT A) to a WVD OH project site shall be a factor in determining the lowest overall total cost.
- 5.4.2** Due to unforeseen circumstances when delivery by the Vendor is not feasible to meet the immediate need, the WVD OH shall have the option of picking up the leased/rented equipment from a Vendor's source/storage location. If the WVD OH chooses the pickup option, the Vendor's mobilization fee shall not be calculated into the cost.
- 5.4.3** If the low-bid Vendor for any given project is unable to provide Contract Items per Delivery Order, the Delivery Order will be cancelled and a Delivery Order will be sent to the next low-bid Vendor. If a Vendor cannot be found to provide Contract Items per the Delivery Order, the WVD OH, at its own discretion, shall cancel the Delivery Order and may seek to obtain Contract Items from the next low bid Vendor or proceed with an Emergency Purchase from the open market.

6. ORDERING AND PAYMENT:

REQUEST FOR QUOTATION
Equipment Lease/Rental Without Operator

Vendor shall maintain and keep current its phone numbers, fax number, email address, locations and ordering/billing/payment addresses with WVDOH and in wvOASIS. Vendor may, but is not required to, accept online orders through a secure internet ordering portal/website. If Vendor has the ability to accept online orders, it should include in its response a brief description of how Agencies may utilize the online ordering system. Vendor shall ensure that its online ordering system is properly secured prior to processing Agency orders online.
- 6.2 Delivery Order:** WVDOH will initiate the Delivery Order by identifying locations of need. The Delivery Order will be generated by a WVDOH Engineer or their designee. The order should be completed on a WV-39 Blanket Release Order. The order should detail the need and location information of the work to be completed per Contract Items, as well as the tentative start and end dates, to become the agreed up as the official start and end dates. Emergencies shall be prominently noted on the Delivery Order. Once complete, the Delivery Orders shall be sent to Vendor via fax, email, or postal mail. **Any verbal communications to initiate or make modifications to a project from this contract are not acceptable as a Delivery Order.**
- 6.3 Invoicing:** The period of need for leased/rented equipment, as specified on the Delivery Order, is only an estimate of need and shall not be used for invoicing purposes. Payment will only be made for the period of time from delivery/pick-up to return of leased/rented Contract Items(s).
- 6.3.1** Invoicing shall be no less than one lease/rental day. Daily rates shall be charged up to and including six (6) consecutive days.
- 6.3.2** Equipment leased/rented for more than 6 consecutive days shall be invoiced at the weekly lease/rental rate.
- 6.3.3** Equipment leased/rented for more than one lease/rental week, but less than one lease/rental month shall be invoiced at the number of lease rental weeks plus any period less than a multiple of seven days.

Your Schwarze Dealer.

Street sweeping is a best management practice (BMP) that can serve the entire community. With catch basin cleaner equipped you can go to work immediately after purchase as opposed to structural BMPs like storm ponds that only serve a dedicated area and require engineering and construction. This makes sweeping the most cost effective BMP per impervious acre treated [King, Hagen, 2011]

MADE IN THE USA

A7 Tornado™

8.4 Cubic Yard Multi-Purpose Regenerative Air Sweeper

Effective January of 2017, the EPA Final MS4 General Permit Remand Rule requires “clear, specific, and measurable permitting” conditions for measuring BMP implementation. In addition, MS4s that discharge to impaired waters must develop a total maximum discharge limit (TMDL) strategy and plan to reduce sediment, phosphorous, and nitrogen discharged into protected watersheds. The new ruling also requires greater public participation in the NPDES permitting process.

Schwarze regenerative air technology makes use of both positive pressure and vacuum airflow, this maintains the compressed air in a sealed loop and is not returned to the atmosphere like traditional vacuum sweepers.

Regenerative Air Technology

Regenerative air sweepers generally only need 100KW to do the same amount of work as pure vacuum sweepers with 200KW.

The blast and recovery cycle continues indefinitely with no air leakage.

Pressurized air is forced across an “air knife” approximately 2.5 meters wide across the sweeping head. This scrapes the roadway surface with a sheet of pressurized air, lifting dirt and debris off the pavement.

Schwarze and its global dealer network understands your challenges and helps stormwater managers meet these conditions while being good stewards of taxpayer dollars.

We make sure the correct features are included to optimize municipal sweeping programs such as:

- Reducing trips to the landfill so you can continue working and keep earning credits.
- Catch basin suction hoses with high pressure water.
- Telematics for integration with your GIS system to document work for compliance and show citizens that their streets and catch basins have been cleaned.

"We started with Schwarze back in the early 2000s and we now have four A7 Tornado sweepers. I like Schwarze equipment, it's not over-complicated equipment, the systems are easy. When we have a breakdown it's easy to fix with North American parts, next day shipping, great customer service, it's beautiful."
